

Nutri DG[®]

Greens - SGN 75

18 - 1 - 15

Ideal for Routine Maintenance

93%
MUtech™

Nutri DG 18-1-15 is a specially formulated greens grade fertiliser that provides a well-balanced nutrient profile, perfect for maintaining the health and vitality of your golf course turf. Its balanced nitrogen-to-potassium ratio ensures that your greens receive the nutrients they need for optimal performance.

Nutri DG Greens – SGN 75 product benefits:

- **Patented DG technology delivers precise nutrient delivery and increased efficacy**
- **Slow release N from MUtech methylene urea**
- **Less watering required to disperse the granules**
- **Uniform nutrient distribution**
- **Reduced mower damage and pickup**
- **Improved playing conditions**

ANALYSIS

18.0%	Total Nitrogen (N)
1.3%	Ammoniacal Nitrogen
2.4%	Urea Nitrogen
8.4%	Other Water-Soluble Nitrogen from methylene urea
5.9%	Water Insoluble Nitrogen from methylene urea
1.3%	Phosphorus (P) from ammonium phosphate
14.9%	Potassium (K) from potassium sulphate
6.9%	Total Sulphur (S) from sulphate

Application rates: 1.5–3.0 kg/100 m² (150–300 kg/ha)

Directions for use: Apply product to actively growing turf at 1.5–3.0 kg/100 m². Apply to dry foliage. Immediately after application, apply a minimum of 5 mm of water to disperse particles into the root zone. Due to variations in temperature and water pH, best results are achieved by splitting the irrigation into two applications at 10-15 minutes apart. This will allow for more thorough particle dispersion into the root zone. Particle colour may vary from lot to lot. Apply only at low rates if temperatures exceed 25°C and irrigate immediately after application. Store in a clean, dry place. Reseal opened bag by folding top down and securing. Use only clean, dry spreaders. Do not leave unused product in spreaders.

Spreader	Ground Speed	Width of Coverage	Spreader Settings			
			15 g/m ²	20 g/m ²	25 g/m ²	30 g/m ²
